Hi Lisa,

I'm forwarding this to Catherine Landers who is our Field Deputy with Council District 4, and to her associate Adam Miller. Perhaps they'll know how to approach this? I think your picture isn't forwarding.

My suspicion is tourism? Filming? Did your pictures show any identifying markers?

Thanks,

Susan Swan

Hi-

I am a resident of the 2000 block of Beachwood. I was hoping to get some relief from the air traffic over the holidays, but this plane has been circling the block. Day and night.

Do you have any information on this? Is there an end in sight?

If you know a better contact for me to forward this to, please advise.

Thanks

Susan, (and Catherine and Adam)

Thank you so much for your prompt response.

Again, this plane has been flying around the corner of my building 2042 Beachwood and heading west across the street. This picture was taken at 7:45 AM today, the 30th. This has been going on for 48 hours. Last pass was 11:25 am.

I cannot see any markers from here, but will try to get another shot. It looks like an old fashioned plane.

Tourism and filming make sense, but a straight 48 hours including all night? It seems crazy.

Thank you for your attention. I'm doing what I can, which is to leave, but I'd love some information if you have any.

Thank you.

Hello Lisa,

That definitely sounds troubling. Sadly the photo didn't attach, so could you send that to me directly?
